## **Position Description: Landscape Architect Sydney**

GroupGSA is an award winning, integrated design practice offering landscape architecture, architecture, urban design and interior design. We are currently working on a number of exciting projects and are looking to expand our team.

We are currently seeking a talented Landscape Architect with 4-6 years' experience who is looking to develop their career. You will join our growing team located in East Sydney to work on projects within a multi-disciplinary studio environment.

### **We are looking for a person who has**

- Demonstrated experience and knowledge in local project delivery, detail design and documentation skills.
- Relevant tertiary qualification.
- Ability to undertake independently the preparation of concept plans, design development, documentation packages and design reports for local and national projects.
- Experience in working with local councils, governments, planners and developers.
- A passion for delivering great projects for clients.
- Demonstrated experience of dealing regularly with clients and consultants
- We are looking for a Landscape Architect team member with a high degree of personal responsibility for task management and programming with a Bachelor Degree and at least 4-6 years relevant post qualification work experience.

### **To be successful in the role, you will have:**

- The ability to think creatively, to innovate and problem solve design and documentation challenges in a proactive and collaborative manner.
- A clear understanding of infrastructure, public realm and landscape architecture principles and requirements, with the ability to apply them.
- Technical and management skills to support the wider national design team.
- Good written and verbal communications skills.
- Demonstrated ability to utilise Adobe Suite and AutoCAD and Revit software experience

### **What we offer**

We provide a dynamic and collaborative working environment and offer many benefits to ensure your professional development and wellbeing.

- Working in a collaborative multi-disciplinary practice
- Fantastic company culture and work environment with diverse team
- A busy calendar of studio events
- Inter studio transfer and short-term assignment opportunities
- Remuneration Package in line with experience, ability, and talent.
